

BIOENERGETIC LANDSCAPES 1

LEARN, MEASURE AND USE THE ENERGY OF TREES
FOR OUR WELL-BEING

THEORIC AND PRACTICAL COURSE

10 - 11 – 12 MAY 2024

HISTORICAL VILLAGE OF DOZZA (BOLOGNA) - ITALY

Marco Nieri, bioresearcher and habitat health expert, conceived the BIOENERGETIC LANDSCAPES and creates beneficial spaces and therapeutic paths in gardens, parks and forests, in Italy and abroad.

A COURSE THAT WILL FOREVER CHANGE YOUR RELATIONSHIP WITH NATURE

- you will learn to measuring the bio-electromagnetic fields that characterize life in the Biosphere, in humans and in plants, using the polarised Lecher antenna, a refined biophysical instrument essential for studying the bio-electromagnetic fields that characterize life in the Biosphere, in humans and in plants
- you will immerse yourself in the knowledge of this fascinating technique unique in the world and its most recent developments, **experimenting and measuring the precise energetic relationship between the trees and each organ of the human body, and discovering how we can interact with plants also in a psycho-emotional way**
- you will learn how to create a bioenergetic therapeutic garden and the principles of recent scientific studies in the **FOREST BATHING** and Therapeutic Landscapes, of which the host is one of the most advanced scholars and applicators. He is Certified Forest Bathing Guide and Trainer FTHub

From Friday 10 to Sunday 12 MAY 2024

9,00 am - 6,00 pm

For more information on the subject, we recommend reading the book

“THE SECRET THERAPY OF TREES” - ed. Penguin Random House, USA
